

My Finances

A tool to assist you with budgeting and working out your income/expenditure has been included on the customer account. You can choose to complete your income/outgoings using this tool, but it is not mandatory.

To start, click 'Get Started'

A screen will display where you can add details of your income from work, benefits and pensions. Click on the chevron icon to expand the form.

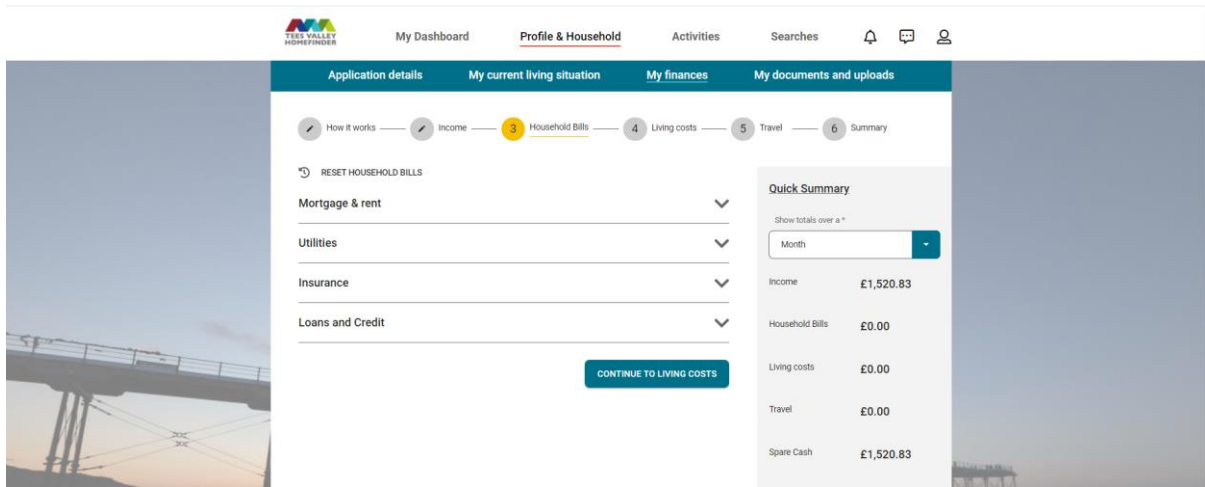

You can enter amounts and frequency of payments you receive.

When you have completed the page, click 'Continue to household bills'. A running calculation of what you have entered will appear on the right-hand side of the screen.
